MEMORANDUM FOR: Mr. Colby

SUBJECT : Transmittal of Draft Terms of Reference

1. As you are aware, Secretary McNamara has asked for a comprehensive, independent Agency look at the pacification program: what it is all about, where it really stands, and what are its real prospects over the near and medium-term future. If properly done, this requested memo can be a valuable document which can educate its recipients as well as inform them.

2. Attached are the draft terms of reference for the kind of paper I think is needed. Would you please let me have your comments and suggested improvements by COB Friday, 6 January. Once we are agreed on what this paper should encompass we can communicate with Saigon and get a Station input.

George A. Carver, Jr.
Special Assistant for Vietnamese Affairs
